Les outils de présentation : Les calques (1/2)

Ils permettent d'ajouter des couches supplémentaires à votre présentation. Vous pouvez faire apparaître ou disparaître ces couches, les réorganiser, les supprimer.

The screenshot displays a presentation slide with a map of Europe. The map is divided into colored regions representing different years of European Union expansion. A blue box labeled '1973' highlights the United Kingdom, Ireland, and Denmark. An orange box labeled '1995' highlights Sweden, Finland, and Austria. A text box on the map asks: "Retrouve les 6 pays fondateurs de l'Union Européenne en 1957." A layer management window is open, showing a stack of layers: 'Europe', '1957', '1973', '1981 et 1986', '1995', and '2004 et 2007'. Each layer has a green checkmark, indicating it is visible. The 'Europe' layer is currently selected. To the right of the map is a vertical toolbar with various icons for navigation and editing. At the bottom of the screen is a standard Windows taskbar with several application icons and a system tray on the right showing the time as 4:16.
